

## Professional Presentation

Hi! im Daiana Ortiz, i'm 28 years . I believe myself an entrepreneur person, who always is available to learn something new.

After 8 years dedicated to sales, i realized that my passion is related to technology. I'm autodidactic, and i think i have the best of both worlds, with a business vision for achieving companies objectives, and a developer side who can make that happens.

I'm a very flexible person, easy-learning, adaptable to changes. I'm looking for a solid company where i can improve my skills, grow up professionally, and join an amazing team.
